ACM-India activities

Venkatesh Raman

The Institute of Mathematical Sciences, Chennai
Vice President, ACM-India

ACM, ACM-India

- World's largest association of computer science professionals
- Awards Turing Award (among other awards) — Nobel Prize in Computing
- ACM-India started 10 years ago, to focus India specific activities
- Managed by an elected council plus several other committees
- acm.india.org

Some activities targeting researchers

Some activities targeting researchers

IRISS – Inter Research Institute Student Seminar

Some activities targeting researchers

IRISS – Inter Research Institute Student Seminar

- Student presentations, Panel discussions, research student centric issues (theory/applied, funding, relationships, ...)

Some activities targeting researchers

IRISS – Inter Research Institute Student Seminar

- Student presentations, Panel discussions, research student centric issues (theory/applied, funding, relationships, ...)
- DDA (Doctoral Dissertation Award) presentations too

Some activities targeting researchers

IRISS – Inter Research Institute Student Seminar

- Student presentations, Panel discussions, research student centric issues (theory/applied, funding, relationships, ...)
- DDA (Doctoral Dissertation Award) presentations too
- Held in February, along with ACM-India Annual Event (which has internationally reputed speakers, DDA is awarded here)

Some activities targeting researchers

IRISS – Inter Research Institute Student Seminar

- Student presentations, Panel discussions, research student centric issues (theory/applied, funding, relationships, ...)
- DDA (Doctoral Dissertation Award) presentations too
- Held in February, along with ACM-India Annual Event (which has internationally reputed speakers, DDA is awarded here)
- February 2020 event in Gandhinagar

Some activities targeting researchers interested in education

- COMPUTE – Annual Conference
- Talks and panel discussions on pedagogy, assessment and curriculum
- This year's event was in Goa during October 10th to 12th. Next year in Nagpur.

Education Committee and Research Board

- Faculty development programs, discussions on policies
- Research Board activities/proposals

Other ACM India events

- Annual conferences (CODS-COMAD, ...)
- ESP (eminent speaker program)
- Webinars
- CSPathshala (bringing computational thinking to schools)
- .....

Summer/Winter Schools (targetting undergrad and grad students)

- We have been running summer schools for three years; first winter school this year.
- Aims:
  - To inculcate problem solving
  - To expose students to exciting developments happening (in the country and elsewhere) in advanced topics
  - To expose students to high quality researchers in the area in the country
  - To share the excitement of research career
