

First Announcement

**DAE Symposium in High Energy Physics (Online mode)
14-18 December 2020**

29 July 2020

Dear Colleague

The DAE symposium in High Energy Physics will be held through online mode from 14th December to 18th December 2020. The poster for the symposium is attached to this email. Request you to kindly please circulate the information in your institute.

The decision to hold the symposium in online mode was taken after extensive discussions among the local and national organizing committee members. The website for the symposium will be activated early next month. Some of the important dates are:

Abstract submission : 16 August 2020 to 30 September 2020

Registration (Free) : 16 August 2020 to 15 November 2020

After analyzing various options available to host a symposium online and also looking at some recent conferences of similar scale, we have decided to hold this through ZOOM. This allows us with adequate features which makes it easier to conduct the symposium online. We also may consider a poster session using FRAME if required, depending on the response to the call for abstracts.

Look forward to your participation in the symposium.

Thanks

With best regards

Bedanga and Sanjay on behalf of LOC
