Tender Notice

NIT No. NISER/ IWD-Civil/Services/2018/08

Dated: 20.03.2018

Director, NISER hereby invites item rate tender in two parts for the following work of “ **Making Cricket play ground at back side of Director’s bungalow at NISER Campus, Jatni**” from contractors of CPWD/MES/Railways/State PWDs and/or those who have worked for DAE or its Organizations or Govt. /Semi Government organizations and have successfully carried out a minimum of one/two/three similar works (tournament level cricket/football/Sports field / landscaping of natural grass etc.) of 80%/60%/40% respectively of the estimated cost or above as indicated below, during the last seven year. The eligible contractors may submit their bid along with supporting documents of fulfilling the above conditions otherwise the bids bear the risk of not being considered. The eligible contractors are also required to submit the self-attested copies of PAN Card, Registration and GST Registration certificate.

In support of fulfilling all the essential conditions mentioned in the previous Para the contractor shall submit the past details, mentioning the name of work, estimated cost, tendered amount, gross value of work done, date of commencement as per agreement & actual date of completion as per agreement along with schedule of quantities executed and any penalty levied due to delay in executing the work from an officer not below the rank of Executive Engineer (Civil).

Estimated Cost	EMD	Performance Security	Security Deposit	Time of completion
₹71,08,792.00	₹1,42,176.00	@ 5% of tendered amount	A sum @ 5% of the gross amount of the bill shall be deducted from each running bill till the sum amounts to Security Deposit @ 5% of the tendered amount of the work.	05 months from the date of receipt of acceptance letter/ submission of PG

Tender can be downloaded and bided from website address: www.tenderwizard.com/NISER. Tender documents for viewing only are also available in NISER website address: www.niser.ac.in. The **tender cost of ₹1,000.00 & EMD of ₹1,42,176.00**, separately in the form of A/C payee/ DD/ Banker’s cheque drawn on any scheduled Bank, in favor of **Director, NISER**.

The tender documents are to be submitted in two parts (Technical & Financial Bid). Self-attested documents in support of eligibility criteria of the contractor, Technical bid, tender cost and EMD are to be uploaded online. The second part with scheduled items of work & price quoted are to be uploaded in prescribed format as Financial Bid. The bidders those who are applied online have to submit the hard copies along with original documents mentioned in NIT on or before **13 April, 2018 upto 3.45 PM and Technical bid will be opened at 04.00 PM on 13th April, 2018**. Those who qualify the technical bid shall be intimated later mentioning the date of opening of the financial bid.

Director, NISER, reserves the right to accept/reject any/all tenders without assigning any reason whatsoever. Part or incomplete tenders will be summarily rejected. No further correspondences whatsoever shall be entertained in this regard. Canvassing in any manner shall result in rejection of the tender.

Any dispute arising out of this shall subject to Bhubaneswar jurisdiction only.

Registrar, NISER

1. Online item rate tenders are hereby invited for the work of “**Making Cricket play ground at back side of Director’s bungalow at NISER Campus, Jatni**”. The estimated cost of work is **₹71,08,792.00**. The Earnest Money Deposit is **₹1,42,176.00**. Contractors of CPWD/MES/ Railways/State PWDs and/or those who have worked for DAE or its units or in any Govt./Semi Govt. organizations and have successfully carried out minimum one/two/three similar work (tournament level cricket/football/Sports field / landscaping of natural grass etc.) of 80%/60%/40% respectively of the estimated cost and above during the last seven years, The eligible contractors may submit their bid along with supporting documents of fulfilling the above conditions otherwise their bids bear the risk of not being considered. **The contractors those who are applied online also required to submit the self-attested copies of PAN CARD, registration, GST registration certificate EMD (Original) & Tender Paper Cost (Original) before opening of the technical bid on or before 13April, 2018 upto 3.45 PM.**

In support of fulfilling all the essential conditions mentioned in the previous Para the contractor shall submit the details, mentioning the name of work, estimated cost, tendered amount, gross value of work done, date of commencement as per agreement & actual date of completion as per agreement along with schedule of quantities executed and any penalty levied due to delay in executing the work from an officer not below the rank of Executive Engineer (Civil).

2. The estimated cost of the work is **₹71,08,792.00** (Rupees Seventy-One Lakh eight thousand seven Hundred & ninety two only).
3. Period for completion of the work will be **05 calendar months** and the date of commencement shall be reckoned from the date of receipt of acceptance letter/ submission of PG.
4. The tender documents can be made available for viewing only at NISER website www.niser.ac.in.
5. Tenders can only be viewed from website www.niser.ac.in. The cost of tender document (Non-transferable) shall be submitted along with the technical bid. Please note that tender documents are not transferable. Tender can be downloaded and bided from website address: www.tenderwizard.com/NISER.
6. Tender documents are to be uploaded in two parts. The First part shall consist of the technical Bid including the cost of tender, EMD and the documents in support of eligibility criteria. The second part shall contain the financial bid showing the detail schedule of work. **Tenders complete in all respects, will be accepted through online up to 12.30 PM on 13th April 2018. The bid shall be opened at 04.00 PM on 13th April 2018.** Please note, that bids submitted without tender cost and EMD are summarily being rejected. The bidder those who will not submit the self-attested hard copies of required documents in the office, the technical bid of the bidder will not be opened.
7. The Earnest Money amounting to **₹1,42,176.00 (Rupees one lakh forty two thousand one hundred & seventy six only)** as demand draft or pay order from any scheduled Bank and drawn in favor of the **Director, NISER** should be deposited along with the tender documents in first part (Technical bid). **Tender received without earnest money will be invalid and rejected.**

8. Director, NISER does not bind himself to accept the lowest or any tender and reserves the right to accept the tender either in whole or in part of the tender and the tenderer shall be bound to perform the same at the rates quoted. The decision of the Director shall be final in this regard.
9. Canvassing in connection with the tenders is prohibited and the tenders submitted by the contractor who resort to canvassing are liable for rejection.
10. The tenderer shall not be permitted to tender for works in the concerned unit of DAE in which a relative is posted in the grade between Controller of Administration and Scientific Assistant (both inclusive). He shall also intimate the names of persons who are working with him in any capacity or subsequently employed by him and who relatives are as mentioned above.

NOTE:-

A person shall be deemed to be a relative of another if, (a) they are members of a Hindu undivided family; or (b) they are husband and wife; or (c) the one is related to the other in the following manner : Father, Mother (including step mother), Son (including step son), Son's wife, Daughter (including step daughter), Father's father, Son's son, Son's Son's wife, Son's daughter, Son's daughter's husband, Daughter's husband, Daughter's son, Daughter's son's wife, Daughter's daughter, Daughter's daughter's husband, Brother (including step brother), Brother's wife, Sister (including step sister), Sister's husband.

11. The Bid shall remain valid for a minimum period of 90 days from the date of opening of the tender for the purpose of acceptance and award of work. Validity beyond 90 days from the date of opening shall be by mutual consent.
12. The tenderer shall quote rates both in figures and words. He shall also work out the amount for each item of work and write in both figures and words. On check if there are differences between the rates quoted by the tenderer in words and in figures or in the amount worked out by him, the following procedure shall be followed
 - i) When there is a difference between the rates in figures and in words, the rates, which correspond to the amounts worked out by the tenderer, shall be taken as correct.
 - ii). When the amount of an item is not worked out by the tenderer or it does not correspond with the rate written either in figures or in words, the rate quoted by the tenderer in words shall be taken as correct.
 - iii). When the rate quoted by the tenderer in figures and in words tallies but the amount is not worked out correctly, the rate quoted by the tenderer shall be taken as correct and not the amount.
13. The tenderer should see and obtain the drawings. In case of any queries, necessary clarifications may please be sought from the office of the Scientific Officer-D (Civil). No claim whatsoever will be entertained in this regard for any alleged ignorance thereof.
14. **Performance Guarantee** is liable to be forfeited if the contractor fails to commence the work as per award letter.
15. Some of the provisions of the contract are given below.

- a) DEFECT LIABILITY PERIOD - Twelve months from the date of completion as certified by the authorized engineer.
 - b) MINIMUM VALUE OF WORK FOR THE INTERMEDIATE CERTIFICATE
Intermediate certificate for a lesser amount can be admitted for payment at the discretion of the Institute.
 - c) SECURITY DEPOSIT - A sum @ 5% of the gross amount of the bill shall be deducted from each running bill of the contractor, till the sum amount to security deposit of 5% of the tendered value of the work. In addition, the contractor shall be required to deposit an amount equal to 5% of the tendered value of the contract as **Performance Security** within the period prescribed for commencement of work in the letter of award issued to him.
 - d) COMPENSATION – In the event of any delay in completion of the work beyond the scheduled period, the contractor shall pay an amount equal to **one per cent** of the total cost of work or such smaller amount as decided by Director, NISER (whose decision shall be final) as compensation to the institute, for every week that the work remains un-commenced or unfinished. Compensation to be paid shall not exceed **ten per cent of the estimated cost** of the total work as per award letter.
16. Stores to be issued: - No material shall be issued by the Institute. The responsibility for arranging all materials from approved manufacturer as per award letter lies with the contractor.
17. Taxes as applicable will be deducted from every RA bill and also from the final bill of the contractor at the rate prescribed by govt. of India from time to time.
18. Escalation cost will not be given for the work which the stipulated period of completion is 18 (Eighteen) months or less.
19. The successful bidder will be required to inform the names, qualifications and experiences of the supervising staff (Note: the staff should be experienced in making sports field and to take level of the field with level machine as and when required) to be deployed for execution of the work. In case of any changes occurring during the course of execution of the said work, the same shall also be intimated by the bidder to the institute.
20. The Contractor shall have to make his own arrangements for storage of materials required for execution of the work and NISER in any manner shall not be held responsible for the storage and safe custody of the said materials at work site.
21. Source of water will be available within 400mtr or less distance from the site. The contractor shall to make his own arrangements of suitable pipe & pump (if required) for watering the landscaping or grassing area. Water charges @1% will be deducted from the Contractor's bill.
22. The power will be supplied on request at one point within 100 meter of the building / site premises. The contractor shall install his own main switch, energy meter, cables, electric board/switch room etc. of adequate capacity and of suitable type to receive, control and further distribute the power involved. The exact location and further details about the supply point will on receipt of the contractor's application be decided upon by the Department, whose decision in the matter will be final and binding. The total final connected load and the anticipated maximum demand shall be furnished by the contractor about one month in advance of the actual initial requirement and for any

addition in load subsequent to initial supply, at least one week's notice from the date of submission of installation test report for the said additional load will be given. The electricity charges will be deducted from the contractor's bill as per actual meter reading.

23. At the time of starting the work the contractor has to inform the list of tools and plants brought to the site work. No items other than the list submitted will be allowed to be taken out of the site.
24. The work should be executed during day time only for safety reason.
25. Tenderers shall inspect and examine the site and its surroundings and satisfy themselves before submitting their tenders as to the nature of the site and shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their tender. A tenderer shall be deemed to have full knowledge of the site whether he inspects it or not. Submission of a tender implies that the tenderer has read the complete contract documents and is aware of the conditions, specification of the work to be done and of the local conditions and other factors having a bearing on the execution of work. Any claim either for extra amount or for additional time for execution due to ignorance about the site and working condition is not payable.
26. It is the sole responsibility of the tenderer to ensure proper lightning/visibility, access (ladder etc.) and any other safety measures for the trained personnel during work.
27. The work will be executed as per CPWD, DAE procedure of work and direction of Engineer-In-charge.
28. **Penalty** will be imposed (as per CPWD) if the contractor fails to complete the work as per award letter.
29. All the materials shall be tested / inspected in the presence of Department of their representative.
30. No materials/equipment shall be shipped to site unless it is inspected, tested and certified for acceptance by the Department or their representative as per applicable standards. Sample of material shall be approved by the Engineer-in-charge before supply the same to the site or commencement of work. The non-approved materials shall be taken out from the site immediately without any delay.

FINANCIAL BID

www.tenderwizard.com/NISER

Name of the Vendor						
Sl. No.	Description of Items	Unit	Quantity	Rate in Figures	Rate in Words	Amount
1	Clearing jungle including uprooting of rank vegetation, grass, brushwood, trees and saplings of girth up to 30 cm measured at a height of 1 m above ground level and removal of rubbish up to a distance of 50 m to 150 m outside the periphery of the area cleared.	Sq M	34000.00			0.00
2	Earth work in excavation for cricket field by mechanical means (Hydraulic excavator)/ manual means over areas (exceeding 30 cm in depth, 1.5 m in width as well as 10 sqm on plan giving a gradient of 1:100 towards from centre to boundary of all around the field) including getting out and disposal of excavated earth lead upto 50 m to 150 m and lift upto 1.5 m with spreading, ramming, consolidating and leveling the same with maintaining uniform slope & gradient etc complete as directed by Engineer-in-charge. Ordinary rock. Note: The slope or level of the field should be maintained with level machine.	Cu M	8200.00			0.00
3	Anti termite treatment of lawn area through premise 30.50% I P. one liter premise diluted in 499 liters water and applying solution @ 1.00 litre solution per sqm lawn or bed area with making hole of 300mm apart(two applications including cost of chemical) etc complete as per direction of officer-in-charge. Note: First application shall be carried out before putting good earth on leveled surface. Second application shall be carried out on leveled surface after putting good earth. The contractor shall supply & stack the bottle of chemical/chloropyrophus at the custody of officer-in-charge before treatment.	Sq M	34000.00			0.00

4	Providing & laying natural Bermuda selection 1 machine-cut grass turf with earth 50mm to 60mm thickness (fresh, dark green & free from weeds having proper roots in green) on existing ground prepared with proper level and ramming with required tools wooden and then rolling the surface with light roller (2 to 2.5 tonne capacity of hydrostatic roller with min 1000mm rolling width) make the surface smoothen and light watering the same with sprinkler & maintainance for 30 days or more till the grass establish properly etc complete as per direction of officer in charge. Bermuda Grass selection- 1 grass turf with machine cut For Sports Field. Note: 1) The blades of grass shall be short & dark grey-green color. 2) The sod/turf shall be supplied to the site in rolled turf form.	Sq M	20096.00		#NAME?	0.00
5	Supplying and stacking of good and soft (no red and hard soil) earth free from silt, roots & other foreign materials suitable for lawn or ornamental grassing at site including royalty and carriage (earth measured in stacks will be reduced by 20% for payment).	Cu M	6415.00		#NAME?	0.00
6	Spreading of sludge, dump manure and/or good earth (loosed soil form) in required thickness giving a gradient of 1:100 towards from centre to boundary all around the field along with rolling the same as per direction of officer-in-charge (cost of sludge, dump manure and/ or good earth to be paid separately). Note: 1) The top layer (50mm thick) should be spread with mixture of good earth (screened, fine or loosen), organic manure & NPK etc. complete with uniform level & gradient before putting the grass turf. 2) Rolling should be done in layer with 2 to 3 tonne hydrostatic power roller (suitable for cricket ground) etc complete.	Cu M	6415.00			0.00
7	Preparation and consolidation of surface with hydraustatic power roller of 2 to 3 tonne capacity,minimum rolling width 1000mm & suitable for compaction of sports field, dressing to required area and consolidating the same with roller including making good the undulations & watering the same etc. complete with maintaining unifom gradient @ 1:100 towards from centre to boundary all around the ground and re-rolling the surface and disposal of surplus earth with lead upto 50 to 150 mtrs etc complete as per direction of Engineer-In-Charge.	Sq M	34000.00			0.00
8	Providing or supplying and spreading NPK @ 100gm/sqm on field etc complete as per direction of EIC.Note: The NPK pkts/bags should be kept at custody of Engineer-in charge before spreading the same at field.	kg	3400.00			0.00
9	Providing or supplying and spreading good quality organic manure @ 100gm/sqm on field etc complete as per direction of EIC.Note: The Organic manure pkts/bags should be kept at custody of Engineer-in charge before spreading the same at field.	kg	3400.00			0.00

10	Earth work in excavation by mechanical means (Hydraulic excavator) /manual means in trenches or drains over areas (exceeding 30 cm in depth, 1.5 m in width as well as 10 sqm on plan giving slope @ 1:100) including getting out and disposal of excavated earth lead upto 50 m to 150 mtr and lift upto 1.5 m with spreading, ramming, consolidating & leveling the same as directed by Engineer-in-charge.	Cu M	180.00			0.00
11	Providing, laying and fixing G.I. pipes conforming to IS:1239 PART-1 (2004) of heavy duty (C class) of JINDAL/TATA make with approved quality etc complete with all G.I. fittings, like Tee, bend, socket etc including trenching and refilling, minimum 300mm depth, with proper line,level & gradient etc complete as per direction of Engineer in charge. 80 mm dia nominal bore. External work	mtr	24.00			0.00
12	Making connection of G.I. distribution branch with G.I. main of following sizes by providing and fixing tee, including cutting and threading the pipe etc. complete : 50 to 80 mm nominal bore	each	1			0.00
13	Providing and fixing gun metal gate valve with C.I. wheel of approved quality (screwed end) : 80 mm nominal bore	each	2			0.00
14	Providing and fixing 3 layer PP-R (Poly propylene Random copolymer) pipes of good quality of Supreme make with SDR 7.4, U V stabilized & anti - microbial fusion welded, having thermal stability for hot & cold water supply, including all PP - R plain & brass threaded polypropylene random fittings along with union & control valves with handles, including trenching upto 300mm depth, refilling & testing of joints complete as per direction of Engineer in Charge. This includes testing of joints complete as per direction of Engineer in Charge. PN - 16 Pipe, 50 mm OD (SDR - 7.4). External work. Note: Suitable PPR valve shall be fixed at every reduced pipe line or junction of unequal pipe or distribution line as directed by Engineer in charge.	mtr	570.00			0.00
15	Providing and fixing 3 layer PP-R (Poly propylene Random copolymer) pipes of good quality of Supreme make or as per direction of Engineer in charge, U V stabilized & anti - microbial fusion welded, having thermal stability for hot & cold water supply, including all PP - R plain & brass threaded polypropylene random fittings along with union & control valves with handles, including trenching, refilling & testing of joints complete as per direction of Engineer in Charge. PN - 16 Pipe, 20 mm OD (SDR - 7.4). External work.Note: Suitable PPR valve shall be fixed at every reduced pipe line or junction of unequal pipe or distribution line as directed by Engineer in charge.	mtr	300.00			0.00

16	Providing & fixing or installing along with testing & commissioning of good quality garden impulse sprinkler of size 20mm with both way brass nozzle ,male threaded having 2 to 3kg pressure, range of 18-25mtr with flux 2.7-3.75cum/hr etc complete of approved make along with arrangement of GI stand of 1.00mtr height etc complete as per direction of Engineer in Charge.	each	12			0.00
17	Grassing with selection No. 1 grass including watering and maintenance of the lawn for 60 days or more till the grass forms a thick lawn, free from weeds and fit for mowing including supplying good earth, rolling with 2 to 3 tonne roller for compaction, if needed (earth shall be paid for separately). In rows 5 cm apart in both directions.	Sq M	13904.00			0.00
					Total cost	0.00
